

Rainforests

Welcome to Starlings class. Please find below an overview of our topics and subjects for the Spring Term 2019. In addition to this, are our daily Maths and Literacy lesson's.

As **Geographers** we will be learning about the location of rainforests around the globe. We will be monitoring the climate in these areas and comparing it to our own. We will also be considering what it might be like to live in a rainforest and the ways people have adapted their way of live to survive alongside the forest and the conservation efforts that are in place to protect these vital habitats.

As **Scientists** we will be learning about humans and animals. We will investigate the various types of nutrition required for different species and will learn about the importance of some of the major organs. We will also be learning about plants and the different ways they have adapted to suit their environment.

As those who are **Physically Active** we will be practising gymnastics thinking about the different ways we can use and control our bodies to perform specific movements and balances.

As **Artists** we will be learning about the life and work of Henri Rousseau and will be creating our own rainforest inspired masterpieces.

As those who study **spirituality and religions** of the world, we will be learning about Judaism, considering their practices and beliefs.

As those who are **Personally and Socially** aware, we will consider the importance and value of friendship thinking about the way we want to be treated and the way we treat those around us.
